Ways to Give

Impact and Achievements

Dear Emunah Family,

As we reflect on the past year, we are filled with **gratitude** for the unwavering support and dedication of our community. Our progress in the year 2023 has been a testament to the **resilience and strength of Emunah**, being tested at the most difficult of times.

In this Annual Report you will read that despite the enormous challenges presented by the ongoing war in Israel, Emunah continues to adapt to the **escalating needs of the people of Israel**, while finding innovative ways to serve our mission. From providing **essential therapeutic services** to those in need to promoting the **status of women**, our efforts have made a tangible difference in the lives of many.

Throughout the year, we remained committed to our core value of **Caring for a Nation**. Whether it was through national or community events, Emunah remained steadfast in its commitment to making a positive impact by raising the necessary funds.

Emunah of America continues to care for a nation through the many programs we support – thousands of subsidized therapy hours, parenting programs in our day care centers, thousands of hot meals that are served daily, safe and warm spaces for teenage girls in crisis, a dental program for children in our homes, programming to promote personal development, excellent religious and secular education at our institutions, advance degree opportunities, and so much more.

As we look ahead to the future, we are eager to bring Emunah’s mission to additional communities in the US and increase engagement with our projects in Israel. Together with your continued commitment, we are confident that Emunah will continue to grow and flourish, **enriching the lives of countless Israelis**.

Thank you for your dedicated support and belief in our mission,

Debbie Bienenfeld

About Emunah

Since 1935, Emunah of America has provided crucial support to thousands of Israelis. Emunah is dedicated to caring for the most vulnerable children and families in Israel through the operation of numerous programs across the country. These programs encompass 5 homes for children at risk, 13 counseling centers, 110 day care centers, including five multi- purpose day care centers, 3 crisis centers, 4 high schools, and an arts college.

Emunah is a catalyst for social change helping to alleviate the burdens of Israel's social problems. Emunah of America raises essential funds to support educational and social welfare programs aimed at strengthening the Jewish family and advancing women's status.

Children's Homes

Emunah Children's Homes support and protect our children, offering warmth, love, and therapeutic treatments, as well as educational and social enrichment. Our mission is to ensure the children become healthy young adults, develop self-esteem, realize their full potential, contribute to society, and, ultimately, raise their children in a loving home of their own. We see tremendous success with our graduates who serve in the IDF, contribute to or volunteer in National Service, or continue to higher academic studies.

Day Care Centers

Emunah Day Care Centers provide excellent early childhood education and care within an engaging Jewish environment. Parents find peace of mind knowing these centers ensure a safe and professional solution for the daily care of their children. **The multi-purpose day care centers** give intensive support, identifying concerns and providing early interventional support to vulnerable, at-risk children especially those from dysfunctional homes and whose parents and families receive parental guidance.

Counseling Centers

Emunah Counseling Centers provide local communities with the tools they need to deal with the personal challenges of life. Today, many continue to be affected by the conflict with Gaza and suffer with traumatic symptoms. Emunah's expert therapeutic professionals treat those with all sorts of mental health issues and also empower and strengthen parenting skills, working in partnership with the whole family. These centers provide counseling services at subsidized costs to individuals, couples, families and children.

Crisis Centers

At Emunah Crisis Centers, psychologists, social workers, and general staff evaluate each person that arrives and plans an individual treatment program for them. Our objective is to build self-sufficiency, so that they will be able to cope with life's challenges as healthy individuals. Emunah has a Women's Shelter, Teenage Girls Crisis Center, Children's Emergency Crisis Center, and the Sarah Ronson Counseling Center in Sderot.

Emunah Appleman College for Arts and Technology

The Emunah Appleman College has grown into a unique academic institution, boasting over 500 students. The college is the only place of higher learning in the world where an observant young woman can earn a degree in fine arts, graphic design or theater studies while remaining faithful to her religious convictions. The four year program of career-oriented studies enables these young women to become financially independent and productive citizens, experts in their field, and highly qualified teachers. They are renowned for their talent, having garnered multiple national and international awards and are indeed sought after to exhibit their work and for employment by private companies and public institutions throughout Israel.

High Schools

Emunah high schools are flourishing! With hundreds of students, our goal is to enable each young woman to reach her highest academic potential while simultaneously building meaningful relationships and a strong Jewish foundation. The teachers and staff create a stimulating atmosphere in these communities and give the students and parents something that they have been searching for within their religious, Zionist ideology.

Promoting the Status of Women

Emunah promotes the status of women by running programs to build a woman's self-reliance, positive self-image, and inner strength. These initiatives provide women with tools to prevent personal abusive and violent circumstances from arising and also train women to succeed in positions that may have been traditionally held by men. Emunah also runs a pre-army academy (*Mechina*) which teaches the girls skills, instilling confidence and a strong mindset which prepares them not only for their army service, but also for life beyond. In addition, Emunah's social activism is empowering women in positions in the public and private sector throughout Israel.

Israel at War

In response to the increased demand for support, Emunah immediately recruited additional therapists, increased therapy hours provided by our existing staff, and expanded care to meet the growing need. Your support enables us to reach and assist more people and offer vital emergency support to additional Israelis who require it. Emunah sought out ways to provide immediate help throughout the country in response to a country at war.

In Jerusalem, the **Florence and Joseph Appleman College of Arts and Technology** is hosting almost 50 national service volunteers (Bnot Sherut Leumi) from Sderot who are unable to return to their place of service since the town is closed.

In Bnei Brak, **Emunah's High School and Boarding School Neve Sara Herzog** hosted 70 adults and children – families whose homes have been destroyed or have been evacuated.

In Netanya, The **Emunah Bet Elazraki** kitchen prepares hundreds of nutritious meals every day for the evacuees, members of Kibbutz Mefalsim, who are being hosted in Netanya.

In Pardes Chana, The **Emunah Neve Michael Children's Home** hosted 100 evacuees from Kibbutz Alumim near Gaza for a special carnival and fun day.

In Afula, members of the **Emunah Community Chapter** prepared gift baskets and food packages for soldiers serving on the nearby border with Jenin.

The **Emunah Chapter in Jerusalem** continues to arrange activities for evacuees from Sderot uprooted from their homes and are currently housed in Jerusalem hotels (providing cosmetic treatments, babysitting, etc).

Every therapist from **Emunah Counseling Centers** is busy providing nonstop support and trauma counseling for evacuees in person, on the phone, and via Zoom in all 13 counseling centers across Israel.

Emunah Day Care Center caregivers are in daily contact with families, many of whom have been evacuated to alternative locations from the North and South of Israel. Caregivers and social workers, some of whom have themselves been evacuated, speak to parents to offer support and comfort, interact with children over Zoom, and provide them with videos and respite materials.

Emunah Neve Landy Children's Home in Even Shmuel is only 23 miles from Gaza. Children were staying with their families or with host families outside of the danger zone. Emunah staff, national service volunteers, and therapists worked long hours, visiting the children and maintaining contact with them and their families.

Why We Give

Rubin and Cecelia Margules, Brooklyn, NY

We have given to Emunah for decades and it is a wonderful feeling to know we are helping families and children in need. We know from personal experience that Emunah always maximizes the dollars, and their projects are impactful and essential. We are proud to be counted as supporters.

Abby and Jacob Kellner, Manhattan, NY

We give to Emunah because it embodies the essence of compassion and empowerment. With every donation Emunah is uplifting the lives of Israel's most vulnerable.

Susan and Brett Nadritch, Teaneck, NJ

Witnessing firsthand the impact of Emunah's work in Israel, we were filled with admiration and affection. "Caring for a nation, one child at a time" encapsulates Emunah's mission, and Brett and I are humbled to play a part in continuing this sacred legacy.

Funds at Work

To donate to the funds below please visit: www.emunah.org/donate

Yad Yemin Fund

The Yad Yemin Wedding Fund provides financial support to cover the costs of weddings and the first states of married life for Emunah graduates. Rivka Ben Shusan, a newlywed graduate from Achuzat Sara was a recent beneficiary of the Yad Yemin Fund. Rivka thanked Emunah and the Schreck Family “ from the bottom of my heart for the generous support you have given to us to begin our lives together.”

Dental Fund

Yariv was brought to an emergency crisis center in the spring of 2016 due to violence at home, and after a few months was placed at Achuzat Sara. At school, Yariv experienced difficulties integrating socially and was conscious of the malformation of his teeth, which eroded his confidence, preventing him from engaging with his peers. After extensive treatment, his personal discomfort was reduced and his self-worth improved. He started speaking and interacting more with other students and his teachers. **"The treatment has changed my life: Finally, I feel confident enough to make friends and spend time with them. I am also encouraged to improve my grades and join the group of good students at school."** -Yariv

The Emergency Fund: An Immediate Response to 10/7

The Emunah Emergency Fund was created as an immediate response to the horrific attacks of October 7th. These funds are allocated to support therapeutic interventions at Emunah Therapy Centers, the installation of emergency power generators at Neve Landy and Afula Children's Homes, trauma counseling services at Emunah high schools, professional development training in therapeutic and trauma counseling for Emunah's staff, and the enhancement of security measures at Neve Landy, including the installation of new security gates.

Surviving Struggles: Noam's Story of Resilience

When Noam from Netivot was 11 years old, his father was sentenced to 9 years in an Israeli prison for trying to import narcotics from Turkey. Noam's mother, a drug addict herself, abandoned her 5 children, aged 3-11, and her aging parents in nearby Ofakim, and disappeared. The grandparents, who had their own health issues, tried hard to care for their grandchildren. They were soon overwhelmed and problems mounted.

Noam, in particular, began to display maladaptive behavior and soon dropped out of school and started spending time with older boys, one of whom abused Noam repeatedly. Noam became increasingly angry and disruptive, and after he was found to have violently injured a neighbor's dog, child protective services placed Noam at the Emunah Neve Landy Children's Village in Even Shmuel. Noam received therapy to overcome his behavioral problems and tutoring to help him catch up in school. All of this took place in 2021, and since then Noam settled in and began to show significant improvement. He returned to school, made up the gaps and calmed down.

With the commitment and attention of the staff at Emunah Neve Landy, Noam was back on the path of success and accomplishment.

Noam's relationship with his grandparents greatly improved and he now spends Shabbatot and holidays with them and his siblings.

Noam was watching through the window and witnessed the terrorists in real-time...

Unfortunately, on **October 7**, Noam was visiting his grandparents' home when Hamas terrorists entered **Ofakim** and shot people in cold blood. Although Noam only told people much later, it turned out that he was watching through the window and witnessed the terrorists in real-time.

Noam returned to Neve Landy soon after the incidents in a fragile state. He still refuses most of the time to leave his bedroom, wets his bed at night, and cries a great deal.

Staff identified the trauma, but it took many weeks before he began to share what he personally witnessed. Noam needs three therapy sessions per week for the foreseeable future to help regain some of his confidence and work through the horrific scene he experienced.

Emunah therapists are acutely aware that children who have experienced neglect or abuse are particularly vulnerable to developing PTSD following traumatic situations, such as the terror attacks in Israel. Their susceptibility, diminished emotional resilience, disrupted attachments, and eroded trust make the impact even more profound.

Immediate interventional therapy to address dire emotional needs and to prevent escalation of symptoms is critical.

Emunah serves as the primary support system and functions as a family for these children, it is our duty to ensure their well-being and recovery.

Solidarity Mission to Israel

Emunah embarked on a meaningful four day solidarity mission to Israel in December, leaving an indelible mark on the hearts of those who participated. The itinerary was thoughtfully curated, encompassing a blend of volunteering activities and visits to significant sites, including those directly impacted by October 7th. The itinerary followed the theme of “Heal, Help, Hope.”

We could tell you all about the mission, but we thought to let our participants share their meaningful moments:

Esther Lerer

“I still dream about all the different things we experienced together. We were all moved by the words we heard and the haunting images we saw, the incredible Emunah Homes and projects we visited, and the achdut that we all shared throughout every place we traveled to and every Israeli we encountered. It’s infectious and beautiful, and I believe helps us as a nation endure and heal and be”h be victorious against all our enemies.”

Saul Bienenfeld

“This trip was the best trip I’ve ever taken. It was meaningful from start to finish and the itinerary was meticulously planned. It covered everything I wanted to do while in Israel during this time and informed me further of the amazing work that Emunah does.”

Fran Hirmes

“I believe we have all been so deeply impacted by what we have seen and shared that we are forever changed. May we find a way to move forward from this experience in a way that keeps us connected in performing acts of Chesed, including helping Emunah heal our brothers and sisters in Israel.”

Combining Celebrations & Chesed

Mazal Tov! Your child's Bar or Bat Mitzvah is coming up and Emunah can provide you with a meaningful experience to celebrate your child's big day in Israel. We invite you to share your simcha with children living in an Emunah Residential Home.

Another worthwhile opportunity to enhance your simcha is to raise funds via crowdfunding and peer-to-peer fundraising for Emunah's children and families in Israel. Emunah of America is here to assist you with your charitable fundraising efforts for Birthdays, Bar/Bat Mitzvah, and in honor of or in memory of a loved one.

We welcome families and guests who would like to celebrate a simcha in our Emunah Homes! Emunah offers a variety of customizable activities with our children, including sports, arts, baking, and more to create lasting memories together.

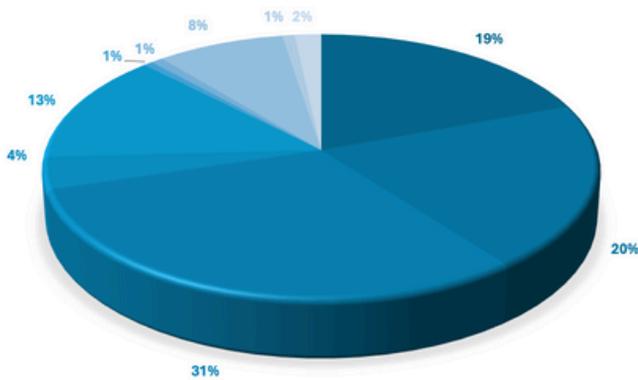

A special thank you to Frankie Oliner | HAFTR Middle School Bat Mitzvah Girls | Aliyah Amar | Shusterman Bat Mitzvah | Yeshivat He'Atid Chesed Fair for incorporating Emunah of America in your Simcha in 2023!

For more information contact Ronnie Faber at 201-370-6597 or Ronnie@emunah.org.

Ways to Give

How You Can Help Emunah Today For Tomorrow:

Checks and Charitable Foundations:

Emunah of America
PO Box 841816
Boston, MA 02284

EIN 13-2670365

Credit Cards: www.emunah.org/donate

Gifts of **Appreciated Securities, Stocks, or Bonds** provide considerable tax advantages for the donor when the assets are transferred to Emunah before they are sold. Contact info@emunah.org for banking information.

Matching Gifts from your employer can multiply your contribution. Ask your employer if it has a matching gift program or go to www.emunah.org/doublethedonation to find out if your employer matches.

Endowment Gifts are invested to generate income in the future, offering you an opportunity to make a lasting impact. **Endowment Funds** can be established with a minimum contribution of \$50,000. They can be unrestricted or directed toward a special program.

Naming Emunah in your **Will** or **Life Insurance Policy** is a way to support future generations in Israel while remaining financially secure and able to meet your current needs.

For more information, please contact Ronnie Faber at Ronnie@emunah.org or Hila Stern at Hila@emunah.org

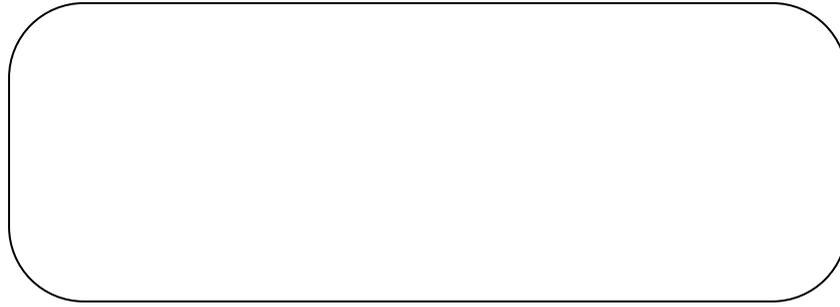

Caring for a Nation

Since 1935
